Student Instructions for the AAAS Career Development Portal

Step 1: Go to the portal link provided to you by your school’s portal administrator.

Step 2: Create an account using your school (.edu/.org) email address.  
**this is important: do NOT use your personal email address, it will NOT work**
Step 3: Check your school email account, and follow the reset password link found in the email “Access to AAAS Courses” – please check your spam folder if you do not see the email in your inbox.

Step 4: Reset your password (it must be at least eight characters long and include one uppercase letter and one number).
Step 5: Click “Sign In” and log in with your new password.

Step 6: Go to the tab “MY COURSES” and click the blue “RESUME COURSE” button to begin.

Please note: You do not need to go back to your institution’s registration page each time you sign in. You can go straight to https://careerdevelopment.aaas.org/login/ to sign in after you complete this initial registration process.

If you have any issues or questions, please contact the AAAS Career Development Center at support@aaascareerdevelopment.org or 888-299-1161.
